

Subject: Fall 2020 Class Registration Open – Advance Academy

Dear parents and students,

I hope you are doing well and safe in this difficult time. Thank you again for choosing Advance Academy.

As you know due to the COVID-19 pandemic, many local school districts are struggling with planning for either on-site or online classes in the coming Fall semester, facing difficulties of efficiently managing and organizing the limited resources while trying to keep the quality education for the students. We at Advance Academy want to continue to provide opportunity in this difficult time for students to further their education.

It's my privilege to welcome all new and returning students to Advance Academy's Fall 2020 session. Advance Academy continues to open up the fall online session with the same high standards that our community has come to expect – rigorous coursework, top-level instructors, and above all a rewarding and enriching educational experience for our students.

Registration online for the Fall 2020 classes will be open from August 1, 2020 to August 29, 2020 on our website at <https://registration.advanceacademyhouston.com/> or from our Web page, go to Registration menu and select Enroll Online. Please review the attached class schedule for full information on class times and registration guidelines.

On Saturday, August 1 at 12:00PM (Central Time), Advance Academy will hold an open house.

Zoom Meeting ID: 363-298-8873

Please join us to meet your teachers. After the open house, we will have a special lecture on "The Impact of "Test Optional" on College Admissions" by our head English teacher and college counselor Mr. Saltzman at 12:30PM.

Our class offering will remain the same, and we have added several distinguished faculty members such as AP English, elementary and high school Math teachers who will continue to improve our high standard of instruction. Based on popular demand, we have also added several new classes such as **Quiz Bowl Competition and Documents of Protest in American History and Literature: An In-Depth Exploration** in order to broaden our educational mission. We have selected instructors for these classes to same high standards as our existing teachers, and we are pleased to welcome these new faculties to the Advance Academy.

I welcome all new and prospective students and their parents to our educational community, and I hope to see you in our classrooms soon. You will have tremendous and fruitful learning opportunities at Advance Academy.

As always, please don't hesitate to contact me if you have any questions.

Best Regards,

Howard Xu, Ph.D.
Director, Advance Academy
